

ANOTHER DISASTER FOR GEN. ROBERTS

Five Companies of His
Best Troops Captured
By the Boers

WAS A SERIOUS BLOW

Troopers Were Taken Prison-
ers Within Five Miles of
Bloemfontein

GEN. VILLEBOIS IS KILLED

London, April 6.—[Special Cable-gram]—General Roberts has met with another reverse. He reports to the war office that he has lost five full companies of troops. The red coats were captured by the Boers within five miles of Bloemfontein.

Roberts Sends the Details

London, April 6.—[Special Cable-gram]—General Roberts report dated Bloemfontein, April 5, says: "Another unfortunate occurrence resulting, I fear, in the capture of a party of Infantry, consisting of three companies of the Royal Irish Rifles, and two companies of the Ninth Mounted Infantry, has occurred near Reddersburg, a little distance east of Bethany station, within a few miles of this place. They were surrounded by a stronger force of the enemy with four or five guns.

"The detachment was engaged from noon the third to nine a. m. the fourth, then they apparently surrendered.

"Immediately after I heard the news on the afternoon of the third, I ordered Gatacre to proceed from Springfontein to Reddersburg with all speed. I also dispatched the Camerons from here to Bethany. Gatacre reached Reddersburg at ten thirty o'clock on the morning of the fourth unopposed. He found no news of the missing detachments. There is no doubt but what all were taken prisoners.

Gen. Villebois is Killed

London, April 6.—[Special Cable-gram]—The following is from General Methuen posted at the war office, dated Bushof, April 5th: "I surrounded Gen. Villebois with a body of the Boers today. No one escaped. Gen. Villebois and seven Boers were killed and about eight wounded. The attack lasted four hours. My corps behaved very well. It was composed of the Yeomanry, Kimberley mounted corps and the Fourth battery artillery.

Death of News in London

London, April 6, a. m.—There is again a dearth of news from the seat of war in South Africa, although Mafeking has once more come into prominence, thanks to the renewed efforts of Colonel Plumer to relieve the beleaguered garrison.

This dashing leader of the Rhodesian irregulars is certainly displaying as much dogged pertinacity in his attempts to succor Colonel Baden-Powell as Sir Redvers Buller ever did in his operations for the relief of General White, and he may yet be successful.

Toward the end of April Col. Plumer may expect to receive some reinforcements by way of Beira.

The Boers, as might have been expected, are making the most of their successful operations near Bloemfontein.

Gatacre's Hard Task

General Gatacre has a hard task before him in keeping open Lord Roberts' lines of communications. The Boers are reported to have 20,000 men within a radius of twenty miles of Bloemfontein, and their movements indicate their desire to sweep further round to the right of the capital from Bushman's Kop.

PRES. STEYN HOPES FOR PEACE

But He Has No Doubt the Boers Will Eventually Triumph.

Pretoria, April 6.—In his speech at the opening of the Free State Road President Steyn declared that in spite of the surrender of Bloemfontein he had not lost hope of the triumph of the republican cause. The war, he said, was forced upon the Transvaal, and nothing remained for the Orange Free State but to throw in his lot with the sister republic, in accordance with the terms of the treaty. The war, he continued, was begun with the object of maintaining by arms the independence bought with the blood of the forefathers of the nation, and it had been so successful that it caused the greatest wonder throughout the world and even to the Boers themselves.

After paying a tribute to the memory of General Joubert, President Steyn said that the British, notwithstanding their overwhelming numbers, were violating the flag of truce and the Red Cross and

he was compelled to report the matter to the neutral powers.

The president further remarked that the attempt to create dissension among the burghers by the issuing of proclamations had failed.

NETHERSOLE NOT GUILTY.

Jury in New York City Acquits Impersonator of Sapho.

New York, April 6.—Olga Nethersole and associates were acquitted in Justice Fursman's court here. In her moment of triumph the actress tore from her head the velvet hat she wore and waved it to her admirers. After the briefest deliberation the jury had acquitted Miss Nethersole, Hamilton Revelle, her leading man; Marcus Mayer, her manager; and Theodore Moss of Wallack's Theater of the accusation against them—or having offended public decency by producing the play "Sapho."

"Not guilty," answered the foreman of the jury, Charles G. Becker. A burst of applause sounded, which was sternly checked by the justice and the officers of the court. "The defendants are discharged," said Justice Fursman gravely.

HIGH SCHOOL IN AN UNSAFE CONDITION

Children in Milwaukee Risk Their Lives
In Attending At An Insecure
Building.

Milwaukee, April 6.—The West Side high school, which cost the city over \$100,000, is in such an unsafe condition that parents have taken their children out of school rather than have them risk the chances of injury. The roof of the assembly-room has sagged six or eight inches and presents a threatening appearance. Parents of scholars who have examined the building say the roof may last ten years and it may not last last minutes. Unless the city authorities take steps to render the building safe a mass meeting of citizens of the west side will be held to give voice to indignation felt at the callousness exhibited by the officials to the condition of the school.

Milwaukee is still \$4,000 shy of the \$15,000 demanded by the state agricultural board if the state fair is to be held at Milwaukee this year. The sum must be ready by next Tuesday or the board threatens to take the fair elsewhere. Chairman Vanneman of the fund committee says the entire amount will be raised in time, but will not go into details.

The positions of commissioner of the board of public works and school commissioner, one a salaried position and the other honorary, which will have to be filled this month will fall to Frank Nizerowski and Henry J. Killilea respectively. Mayor Ruse announced today that he would make the appointments at the proper time.

ANOTHER VIRGINIA LYNCHING.

Mob Hangs Alleged Incendiary for
Burning a Town.

Richmond, Va., April 6.—Information has been received here of a lynching in Southampton county for the commission of a crime which practically destroyed the little town of Ivor and left many families homeless. The greater portion of the place was burned early Thursday morning. It soon became apparent that the fire was of incendiary origin and a posse was organized to find the criminal. The tracks of a barefooted man were discovered leading out of the town, and they were followed by a crowd of infuriated citizens. After a chase of a mile the traces were lost. A telegram was sent to Suffolk and a pack of bloodhounds secured. With these the men resumed the hunt. It is reported that the incendiary, a negro, was captured and swung to a tree in a lonely part of Southampton county.

TRAIN WRECKED AND BURNED

Several Persons Reported Killed in Dis-
aster Near Channing, Texas.

Fort Worth, Texas, April 6.—The south-bound passenger train on the Fort Worth and Denver City Railroad was wrecked near Channing. The coaches caught fire and the entire train except one coach burned. It is reported six or seven people were killed, among them the Wells-Fargo express messenger, Chapman. Superintendent Goode and Trainmaster Mills in a special car, with a number of physicians, left for the scene. The wreck was caused by a washout. The fireman and express messenger, it is believed, were burned in the wreck. The local Wells-Fargo office received a message from Channing to the effect that it was impossible to tell the number of passengers killed.

What the Name Tugela Means.

The name Tugela means "fear" and it has received the name from the rapidity with which it has come down in flood. A thunderstorm among the mountains in which it rises will raise the river many feet in a few minutes and a resident on its banks declares that he has seen it rise forty feet in a single night! The current is at all times swift and a comparatively light rise is sufficient to make the drift impassable, while a heavy rise will sweep away any temporary bridge that may have been erected.

TRUCE HOVERS OVER WAR IN KENTUCKY

FACTIONS WILL AWAIT DECIS-
ION OF SUPREME COURT.

Beckham Rejects Hot Counsel—He
Does Not Want to Plunge the State
Into Bloodshed—Decision From the
United States Court Expected in
Twenty Days.

Frankfort, Ky., April 6.—[Special Telegram]—The Court of Appeals at noon today rendered a decision affirming Judge Field's decision in favor of Governor Beckham.

Frankfort, Ky., April 6.—An agreement was reached today between the Beckhams and Taylor forces whereby the democrats will make no effort to restrain Taylor's force from holding on in the executive building until the contest case is passed upon by the United States supreme court.

There will be no clash of the democratic and republican soldiers if the court of appeals decides in favor of Governor Beckham. He will continue to perform the duties of his office in his room at the Capitol hotel and Taylor will remain as a figurehead in the executive building surrounded by his soldiers.

Taylor has given notice publicly that he will not vacate the building on the decision of the court of appeals and will hold on as long as his soldiers have guns and ammunition.

Beckham Rejects Hot Counsel.

Numerous democrats have advised Governor Beckham to storm the state buildings and take possession of them by force if the court of appeals upholds him, but the governor does not want to plunge the state into bloodshed. He says trouble can be averted and if he can keep peace honorably he intends to do so.

Governor Taylor declines to move out for two reasons. First, because when a mandate in the case is delivered, thirty days after the date of the rendering of the ruling, the decision will not take effect or be binding upon anyone, and second, because by the terms of the protocol he was to remain in possession until an appeal could be asked of the United States supreme court. Naturally, under the circumstances, he will resist any effort to depose him at the present time and while acting strictly upon the defensive will if necessary meet force with force.

Decision In Twenty Days.

One of the democratic counsel said this morning it had been decided between the lawyers on both sides that as soon as the court of appeals noted the attorneys for the losers would leave for Washington with a writ of error, and that by getting the matter before the supreme court without a delay a final conclusion would be reached within ten or fifteen days from the time the appellate bench acted.

Disturbances in Panama.

Washington, April 6.—It is now admitted that the disturbances in Panama, Colombia, are serious and the authorities are beginning to pay attention to them. Mail service has been interrupted in consequence of the operations of the troops, and it is reported that there had been fighting in the streets of Panama. Inquiry at the department of state, however, failed to elicit any information on this point. A revolution in Colombia is of especial importance to the United States because of the guaranty made by this government to preserve free transit between Colon and Panama.

Keystone State Democrats.

Harrisburg, Pa., April 6.—The Democratic state convention met here to nominate candidates for auditor general and congressman at large and select eight delegates at large to the Kansas City convention.

The most important planks of the platform include an endorsement of Col. William J. Bryan for the presidency in 1900, a law for ballot reform, personal registration and a more comprehensive primary election law, with the Chicago platform indorsed.

To Rebuild the Big Hall.

Kansas City, April 5.—Promptly at six o'clock this morning workmen began cleaning up the debris at the convention hall preparatory to the erection of a new building to be completed by July 4. All the insurance money was paid this afternoon. It is therefore beyond doubt that the hall will be ready for the Democratic national convention.

American Convicted in London.

London, April 6.—Henry Musgrave Onequi, an American professional palmist, well known in New York and Chicago, has just been sentenced to five years' imprisonment at the Old Bailey for stealing property belonging to a woman with whom he contracted a bogus marriage.

Silas B. Cobb Dead.

Chicago, April 6.—After a week's illness Silas B. Cobb, who had been prominently identified with the more important business interests of Chicago, nearly seventy years, died early this morning at the home of his son-in-law, William B. Walker, 2027 Prairie avenue.

School Board Section in Session
This Afternoon.

Racine, Wis., April 6.—The city is full of school teachers in attendance upon the Southern Wisconsin Teachers' association today and tomorrow. It is estimated that from 800 to 1,000 teachers are here. Excellent arrangements have been made to provide accommodations for all.

The session opened at 9 o'clock this morning with an address of welcome by Hon. Michael Higgins, mayor of Racine. "Some Lines of Work in the Organization and Development of Our School System," was the title of a paper read by State Superintendent L. D. Harvey. The discussion was led by E. A. HOUSE WILL AGREE TO SENATE BILL

Republicans in Caucus Accept the Porto
Rico Measure—Naval Bill
is Reported.

Washington, D. C., April 6.—The republicans of the house in caucus Thursday night, decided to take the shortest possible route to a termination of the Puerto Rican tariff problem by concurring in all the senate amendments and sending the bill directly to the president. There was a feeble protest from Mr. Cooper of Wisconsin, chairman of the insular committee, and Mr. Moody of Massachusetts, who favored standing out against some of the features of the civil government scheme attached to the bill by the senate.

None of the republicans who voted against the original house bill, were present at the caucus. As soon as the republican absent from Washington can be summoned here, as early as Monday if possible, the matter will be brought before the house under a special rule.

NAVAL BILL IS REPORTED.

Chairman Submits Measure Appropriat-
ing \$61,219,916.

Washington, April 6.—The naval appropriation bill was reported to the house by Acting Chairman Foss of the naval committee. The amount carried by the bill is \$61,219,916, the largest ever reported to the house from the naval committee. Aside from this the report, which accompanies the bill, is remarkable for its array of facts regarding sea power the world over, foreign naval programs and the comparative strength of the navies of the great maritime powers, accompanied by colored charts showing the upbuilding of the various great navies.

WAR MAY LAST TEN YEARS

Major Shields Says Philippines Are a
Hotbed of Rebellion

San Francisco, Cal., April 7.—Surgeon Major George M. Shields, who returned Sunday from Manila on the transport Sheridan, said that at the present rate of progress war in the Philippines will last ten years. He says the islands are a hotbed of rebellion.

Major Shields declares that General Otis is a wonderful officer, efficient and tireless in his efforts to serve his country. He also declares that the presence of a large military force to assist the Philippine commission is absolutely necessary.

The major says the natives have only contempt for merciful treatment, and he advocates the sternest of military measures in suppressing the rebellion.

Attacks the Associated Press.

Washington, April 6.—[Special Telegram]—In the senate today Thursday called up the Indian appropriation bill. On a question of privilege Pettigrew attacked the Associated Press. He said the organization was a newspaper trust of the worst sort and made a special point to employ men to misrepresent and keep the truth from the public.

PONCE IS FILLED WITH PAUPERS

An Announcement That Food Would
Be Given Away Draws the
Starving People.

Ponce, Porto Rico, April 6.—An announcement having been made that the Porto Rican Benevolent society would relieve the poor of Ponce, the town is simply overwhelmed with an army of starving or pauperized folk. No fewer than 200 men, women and children, sick and starving, are living in the corridor of the city hall and in a kiosk on the Plaza. Most of these are fed by the society. Letters have been received announcing that 5,000 more are on the way.

The city will deport outside paupers who are now here, and the station guard will prevent the entrance into the city of others. The price of provisions continues high and discontent grows, but thus far there has been no public demonstration.

It is reported an executioner has been found to carry out the sentence passed by the Porto Rican supreme court upon five murderers condemned to death, and the garroting will take place on Saturday.

MANY THOUSANDS OF FORGED BONDS

Clever Forgeries Which Have Netted
Over \$300,000 to Chicago
Crooks.

Chicago, April 6.—[Special Telegram]—The cleverest forgery of bonds since the Erie case twenty-five years ago was discovered by the officials of the Northwestern Gas Light & Coke Co. of Evanston. In all parts of the country forged bonds of the company have been disposed of. It is estimated that a total of three hundred thousand dollars worth have been taken in by unsuspecting bankers. The bonds are dated December 1, 1898, and mature in twenty-eight years.

Sitting Erect.

Very many persons, in taking a seat, use the edge of it only, with the result that in a very short time they seem to be doubling up, the head bending forward over the chest. The easiest method of sitting erect, and in a graceful position, is to occupy the chair in such a way that the lowest part of the spine or backbone touches the back of the seat; then, by causing the shoulders also to touch the back, the whole body is erect and maintains itself, not only without an effort, but with a feeling of support, relief and rest, and that, too, without any appreciable effort. Any position maintained by the aid of a brace is forced, and is secured by an injury done to some other part, which not only has to support itself, but aid in supporting parts not intended, hence must in time itself need aid from other sources, and thus the mischief goes on.

Many Mormons in India.

Latter Day Saints say that outside of Utah and its immediate environments Indiana has more Mormons than any other state, notwithstanding other commonwealths are larger and have been proselyted longer. They have the figures to show that the hoosier state is a productive field for the followers of Joseph Smith and that the state leads all its sisters in membership. The district and mission reports for the year 1899 show that Mormonism is growing rapidly in Indiana.

Osman Pasha Really Dead.

Constantinople, April 6.—Ghazi Osman Nubar Pasha, the hero of the Pleyna, died yesterday evening, although the recent improvement in his condition had led to the hopes of his recovery. He was born in 1832.

ADMIRAL DEWEY IS A DEMOCRAT

Confesses to Being a Gold
Man and an Admirer
of Cleveland

MAY RUN INDEPENDENT

The Brave Sailor is Pleased
and Claims People
Are With Him

BITTER AGAINST M'KINLEY

Philadelphia, April 6.—Admiral Dewey is a democrat. He so declared himself last night in an interview in this city. It was the only political question asked which the admiral answered directly.

Admiral and Mrs. Dewey came here yesterday to attend the last orchestral concert for the relief of the families of soldiers and sailors killed in the Philippines. He granted an interview to nearly a dozen newspaper men.

Says He is a Democrat.

"Are you correctly reported to be a democrat?" the admiral was asked and after a moment's hesitation he replied: "Yes, I think I can answer that. Yes I am a democrat."

"If the republicans nominate McKinley and the democrats name Bryan for the presidency would you run independently?"

"I won't answer that." To some of his friends who called on him last night the admiral admitted that he had little hope of receiving the nomination of either of the great parties but said he would run independently. He confessed that he was a Cleveland Democrat, a gold man and a great admirer of the ex-president who now lives at Princeton, N. J.

An Admirer of Cleveland

"I have not voted or taken any particular interest in politics for many years," said Dewey to his friends, "but I did want to vote for Cleveland the last time he ran, and would have done so had it not been too much trouble to go all the way up to Vermont."

Last night the admiral claimed to be very much pleased with the manner in which the country had received the news of his candidacy. He said the people were with him, even if the politicians were not, and that the politicians would come to his support later on. He spoke somewhat bitterly of President McKinley, and admitted he was very anxious to see the president defeated, and might run as an independent candidate for that very purpose.

Calls Him a Gold Democrat.

Baltimore, Md., April 6.—Col. Herman Stump, former commissioner-general of immigration, who is quite intimate with Admiral Dewey, said last night:

"Admiral Dewey is a gold democrat, or, as some would say, a Cleveland democrat." He has never taken any active part in politics and has probably not voted for years, but he is a low tariff, gold-standard democrat, and a great admirer of ex-President Cleveland."

Hill Says Dewey Is Too Late

New York, April 6.—It is the opinion of David B. Hill that Admiral Dewey's declaration will have no effect on the political situation. The admiral's determination to stand as a candidate for presidential nomination, Hill believes, came too late. Both of the big parties have already drawn their lines. They have each shaped a course that must be followed. Hill is certain that Dewey is a democrat.

Populists Not for Dewey

Grand Forks, N. D., April 6.—There has been more or less speculation as to the manner in which Dewey's candidacy for president would be received, and the state populist convention being taken to ascertain the sentiments of members of that organization. A number of members were interviewed, and none was found who favored Dewey for president.

Make It Bryan and Dewey

Jefferson City, Mo., April 6.—In response to a request for an opinion of Dewey's announcement for the presidency Governor Stephens today said: "I do not know whether Dewey is right on the questions of money, trusts, imperialism, etc., or not. If he is, and can stand on the Kansas City platform, what is the matter with Bryan and Dewey?"

Dewey Popular in Nebraska

Omaha, April 6.—[Special Telegram]—Admiral Dewey's candidacy is attracting attention throughout Nebraska. Several of the country press support him. Bryan's friends show concern, though no leading democrat has deserted Bryan. Sterling Morton thinks Dewey will draw a large support from the Bryan element.

DEWEY IS AFTER THE PRESIDENCY

He is Willing to Accept the Nomination If He Can Get It

WIFE'S AMBITION RULES

Admiral Lets His Friends Know That He Desires to Capture the Prize

He Says He Has Changed His Mind and Now Wants to Enter the Race—He Thinks Being President is a Comfortable and Easy Job—He Does Not Say on Which Party Ticket He Desires to Run.

Washington, April 4.—[Special Telegram.]—Through one of his secretaries Admiral Dewey this morning declared that the interview published in a New York paper expressing his willingness to accept the nomination for president if the American people desired it was correct. Lieut. Caldwell who gave the information said the admiral was very busy and could not talk further on the subject.

To Head On William J. Bryan. New York, April 4.—[Special Telegram.]—Admiral Dewey's announcement

World from Washington says: Admiral Dewey authorizes The World to announce to the American people that after mature reflection and in response to the earnest entreaties from all parts of the country his former decision, not under any circumstances to run for the presidency, is recinded.

"Since studying the subject I am convinced that the office of the president is not a very difficult one to fill, his duties being mainly to execute the laws of congress. Should I be chosen for this exalted position I would execute the laws of congress as faithfully as I have always executed the orders of my superiors."

Admiral Dewey did not state which party's nomination he would accept. The reporter asked:

Due to His Wife's Influence

Washington, April 4.—Admiral Dewey is an avowed candidate for the presidency. He has confided to some of his most intimate friends that he is willing to run for the high office, provided he finds encouragement for such a candidacy.

He has become greatly interested in the idea and has under consideration various plans which will be matured and put into operation so soon as there is sufficient evidence his nomination is not an utter impossibility.

This fact of Dewey's willingness to run for the presidency accounts for several incidents which local gossip have been amusing themselves in discussing. He has determined to accept so far as possible all invitations which bring him into public view, and it is possible should the outlook be promising he will abandon his projected trip to Europe. His official duties, now confined to the presidency of the so-called Naval Policy board, are not exacting and his presence at the occasional sessions of the board is not a necessity.

Influenced By Mrs. Dewey. In his plans for higher office he is

ROSE ELECTED BY SMALL PLURALITY

Democrats Carry Milwaukee by Aid of Dissatisfied Republicans

WALLBER MADE JUDGE

Mayor Rose's Plurality Drops From 8,000 Two Years Ago to 2,374

Very Close Vote on Treasurer and Comptroller—Street Railway Aldermen Turned Down—Street Railway Franchise the Issue and Many Republicans Swell the Victor's Votes—Republicans Held Their Own in the State.

Milwaukee, Wis., April 4.—[Special Telegram.]—David S. Rose was re-elected mayor of Milwaukee yesterday, receiving 2,374 votes more than republican nominee, L. L. Baumgartner. At the election of two years ago Mr. Rose received 7,767 votes more than the republican nominee, Mr. Gueder. City comptroller John R. Wolf was re-elected to the office by 1246 votes more than the number cast for O. T. Renning who ran on the republican ticket for city treasurer. William Bollow was given a second term by receiving 1060 votes more than W. H. Stevens, the republican nominee.

Council is Very Close. The new common council will be composed of two populists, nineteen republicans and twenty-one democrats which will make the vote very close on president and city clerk when the council perfects its organization.

Judge Wallber was elected county judge by receiving 2,175 votes more than Peter J. Sommers, the democratic nominee. Judge Wallber defeated Mr. Sommers both in the city and the townships.

The republicans have control of the new county board of supervisors by a large majority. The new board is made up of one independent, thirteen democrats and twenty-five republicans. Of the new justices of the peace five are republicans and six are democrats.

The leaders upon the city ticket finished in this order: Rose, Wolf, Bollow on the democratic side; Baumgartner, Stevens, Renning on the republican side.

Republicans Cut Baumgartner. Milwaukee, April 4.—One of the hottest municipal campaigns Milwaukee has ever seen closed last night with the re-election of Mayor David S. Rose by a majority of about 2,000. His majority two years ago was 7,767.

The principal issue was the passage by the council of a new street car ordinance which extended the franchises of the street railway company ten years, or from 1924 to 1934. In return a 4-cent fare was granted by the company for five years in the morning and evening, when the working people patronize the car, and a 4-cent fare at all hours after 5 years.

The question was whether the workingmen would be satisfied with this or feel that Mayor Rose's democratic administration, had, as claimed by the opponents of the measure, bartered away the rights of the people for a pittance. The result of the election shows the laboring classes are satisfied with the cheaper fare.

Republicans Help the Victor.

Both parties split badly on this issue. Both Mayor Rose and his republican opponent, Henry J. Baumgartner, were supported by republicans, democrats and populists alike. The re-election of Mayor Rose is due to a remarkable defection of republican voters. This was especially noticeable in sturdy republican wards like the Seventh, Sixteenth and Fifteenth. For the first time in its history the Seventh ward went democratic.

During the campaign Mayor Rose and his friends claimed he would receive 5,000 Republican votes and the returns seem to show the estimate was not too high. Even in his own ward Mr. Baumgartner only carried the precincts by small pluralities and the northwestern part of the city the German wards, which were expected to go for him by rousing majorities, were a sore disappointment in that regard.

It was practically a non-partisan victory, for without Republican votes Mayor Rose would have been defeated. It means however that he will have to be reckoned with hereafter as an important factor in the Democratic councils of the west.

GEN. BATES GAINS MORE TOWNS

He Meets with No Resistance, Capturing Cannon and Rifles.

Manila, April 4.—Gen. John C. Bates has peacefully occupied Surigao, Cagayan, Iligan and Misamis, in the island of Mindanao. A number of rifles and cannon were captured. The presence of the gunboats Yorktown, Manila and Panay prevented resistance at Cagayan. The insurgent atrocities in Cagayan and Camarines provinces continue, where Spaniards, Chinamen and natives have been murdered.

DUNWIDDIE AT WEST BEND

Rock County Circuit Court Judge Presides Over Judge Dick's Court.

Judge B. F. Dunwiddie of the circuit court of Rock county, has left for West Bend, Wisconsin, where he will preside over Judge Dick's court. The cases to be heard at West Bend are important ones, having attracted considerable attention in that portion of the state.

FOR DEMOCRATIC CONVENTION

The State Committee Will Meet Here Next Tuesday to Prepare a Call

Milwaukee, April 4.—The meeting of the Democratic State Central committee which is to be held at the Plankinton House next Tuesday afternoon to arrange for the state convention, which is to select delegates-at-large to the National convention at Kansas City.

The choice of a convention date will be left to the committee, though it is generally understood that the time will not be held until the last of May, owing to the fact that the national convention is not until July 4. Little discussion is heard as to possible candidates for delegates-at-large, and the fact that the nomination of William Jennings Bryan is practically assured makes the position purely honorary so that there is apt to be no contest for places on the committee.

Great Hall in Which the National Democratic Convention Was to Be Held

Kansas City, April 4.—[Special Telegram.]—The convention hall, in which the Democratic National convention was to have been held, caught fire at 1 o'clock and in a few minutes the entire structure was in flames.

It was burned to the ground and will be a total loss.

The Central Presbyterian church is also on fire and other large buildings are threatened.

"SAPHO" IS LARGELY GURGLES AND BLISS

Harry B. Kane the First Witness in the Trial of Nethersole in New York.

New York, April 4.—[Special Telegram.]—The first witness in the "Sapho" trial this morning was Harry B. Kane, "a gentleman of leisure." He saw Nethersole in the part and said he could not trace her limbs through her costume. He referred to the stairway scene as one where "Sapho" and Jean hugged and kissed. He said the dialogue was largely gurgles and bliss. Miss Nethersole was present in court in a gorgeous costume.

WISCONSIN REPUBLICAN GAINS

Greater Number of Municipal Victories Scored Yesterday

The result of the municipal elections throughout Wisconsin outside of Milwaukee and Janesville show that where the republicans and democrats placed party tickets in the field the republicans gained the greater number of victories. In many instances, however, party lines were thrown aside and citizens' tickets were elected:

Some of the Results

Four circuit judges were elected, all without opposition, as follows:

Fifth circuit—George Clementson, Lancaster.

Sixth circuit—Oris B. Wyman, Vinona.

Eleventh circuit—A. J. Vinje, Superior.

Twelfth—B. F. Dunwiddie, Janesville.

In Madison a democratic mayor was elected by a 60 per cent reduced majority. The republicans made a gain of three in the council. In some more generally carried than usual in the neighboring towns and villages.

Mayor Simon Murphy, Jr., of Green Bay, was re-elected after one of the most bitter campaigns in the history of Brown county. There were two strong candidates against him, but Murphy got a majority over both.

Mayor A. F. Warden of Wausau, and the entire democratic ticket met with defeat. The campaign was waged upon alleged extravagance.

Judge Parker of Superior, the republican candidate, is elected by 200 majority.

W. C. Leitch, the present republican mayor of Columbus, was re-elected after a hard fight.

At Fort Atkinson all the republican supervisors were victorious and all the republican candidates for aldermen were defeated.

Chicago voters decided against the issuance of bonds for electric lighting purposes and Eau Claire voted to have municipal ownership of the waterworks.

The question of bonding Portage for a sewerage plant is probably lost.

Editor Edward L. Luckow of Baraboo is elected democratic mayor of the city.

The license question was voted upon in many villages and towns. License carried in Sparta, Lake Mills, Virgona, Fountainville, Lodi, Oniro, Fox Lake, Monroe, Darlington, Delavan, Rhineland, Edgerton, St. Croix Falls, New Richmond, Richland Center. No license carried at Grantsburg and Merrill.

Granting of electric lighting franchise to private parties won at River Falls, 165 to 95.

At Virgona the question of issuing \$100,000 bonds for a new city hall was defeated three to one.

HEARTY WELCOME TO QUEEN VICTORIA

She Sets Foot on Irish Soil First Time in Forty Years

DUBLIN WILD WITH JOY

The Route of the Procession is Lined Like One Vast Grand Stand

Streets Are Jammed With an Enthusiastic Throng—The Royal Visitor Hailed With Joyful Acclaim By the Great Multitude—Not a Discordant Note Allowed to Voice Itself—Sword Bearer James Egan Refuses to Act.

Dublin, April 4.—[Special Cablegram.]—The queen set foot on Irish soil today for the first time in forty years under fine weather conditions.

Dublin is resplendent with decorations and elaborate arches. The route of the procession is lined like one vast grandstand and the streets are jammed with people.

God's Blessing on Ireland

The queen came ashore at Kingstown at nine o'clock, amid thunderous salutes from warships and the shore batteries. She was received by the Lord Lieutenant of Ireland, the Earl of Caigagan, Duke of Connaught and other notables. A huge reception followed on the pier. Replying to the address of welcome, the queen wished God's blessing to Ireland. Shortly after, the party started for Dublin.

Not a Note of Opposition.

By the exercise of tact political considerations have been either kept entirely in the background or banished entirely. Of the Dublin evening papers the Telegraph, which belongs to the Freeman's Journal alone strikes a note which approaches the discordant.

Political considerations must ch today's reception. The nationalists have too much respect for the rights of minorities to interfere with individual expressions of opinion, but anti-British passion will never die out until the aspirations of Ireland are satisfied by reparation for the fraud and wrong perpetrated a century ago.

Sword Bearer Refuses to Act

James Egan, the Dublin city sword bearer, who for nine years was imprisoned for political offences, refused today to hand the queen the sword nor would he take part in today's proceedings. This declaration at the last hour caused a sensation and the lord mayor is now looking for another sword bearer. In a letter to the town clerk Mr. Egan says:

"I will yield nothing to any Irishman in respect for the individuality of the lady, but I cannot join in any act of public courtesy toward the head of a state which has tried me upon charges that were false and sent me to suffer for nine years in English dungeons—the state that still hallmarks me with the degradation of a ticket-of-leave man."

Mr. Egan adds that he is prepared to accept the consequences and hand in his resignation.

SPECIAL WAR TAXES TO REMAIN IN FORCE

Republican Leaders in the House Think Repeal Would Be Unwise at Present.

Washington, D. C., April 4.—After the regular weekly cabinet meeting yesterday, it was stated on authority that there will be no legislation at this session of congress reducing the war revenue taxes. The president has conferred with the leaders in both houses of congress, and it has been decided that it would be unwise to reopen the financial and tariff question. The program is to pass the legislation already mapped out, and no more, and adjourn before the republican national convention meets June 19.

The opinion was expressed at the cabinet meeting that it would be desirable to take off the war taxes on certain articles, but the certainty is, however, that as soon as any steps are taken in this direction there will be great pressure for relief from other interests that are taxed under the war revenue law. Under the circumstances it is deemed best not to tamper with the law at present.

MOB IN INDIANA RUINS TOLL ROADS

Bridges Blown Up—Occupants of House Burned Were Warned and Escaped Safely.

Logansport, Ind., April 4.—[Special Telegram.]—A mob of one hundred and fifty men burned the toll houses and blew up the bridges on the Logansport and Burlington pike at midnight. The occupants of the houses escaped injuries, being warned. It is the only toll road in the country and the patrons protested.

Questions for Women

If you were offered sure aid in time of trouble would you put it aside and accept something of doubtful efficiency?

If you saw before you a strong and safe bridge leading to your goal, would you ignore it to try some insecure and tottering structure?

The answer to these questions is plain. You would, of course, choose without hesitation what all evidence showed to be the safe thing, and you would risk nothing in useless experiments.

Why, then, do some women risk one of their most precious possessions—their health—in trying medicines of unknown value, which may even prove hurtful to them?

Lydia E. Pinkham's Vegetable Compound has stood the test of years. It has the largest sale of any remedy for female ills in the world, and nothing could have given it this sale except its own merit.

Do not try any experiments, but buy what is known to be reliable. Mrs. Pinkham's Compound can do all that is claimed for it, and all statements in regard to it can be easily verified. Write to Mrs. Pinkham at Lynn, Mass., for a little book she has just published containing letters from the mayor of Lynn, the postmaster and others.

Mrs. Pinkham's advice is offered free of charge to all women who write to her for aid. This invitation is constantly renewed. A million women have been cured of serious female ills by Mrs. Pinkham's advice and medicine.

Three Letters from One Woman, Showing How Lydia E. Pinkham's Vegetable Compound Cures Falling of the Womb:

"DEAR MRS. PINKHAM—I see your advertisement in the papers in regard to treating woman's diseases, and would be grateful to you for your advice in my case. I am suffering from falling of womb, have pains in my sides and legs, in fact I ache all over. I am getting so weak I cannot stand on my feet much. I have the headache sometimes, and a choking, tight feeling in my breast and throat. Have a baby seven months old. I hope to hear from you soon, as I am in so much distress."—MRS. J. R. COMPTON, Egghornville, Va., May 16, 1898.

"DEAR MRS. PINKHAM—I followed your advice and I am now on the second bottle of your Vegetable Compound and I think it is going to cure me. If it does I will ever praise it, for I am, and have been, a great sufferer; but now I live in hopes of getting well."—MRS. J. R. COMPTON, Egghornville, Va., July 12, 1898.

"DEAR MRS. PINKHAM—Again I write to you. When I first wrote to you for advice in regard to my troubles I thought I could never get well again. After receiving your letter I followed your advice exactly, and thanks to you, I am cured of that dreadful disease. I cannot find words to express the good your medicine will do. It is really more than was recommended to me."—MRS. J. R. COMPTON, Egghornville, Va., April 12, 1899.

Two Women Cured of Irregularity, Falling of the Uterus and Ovarian Trouble.

"DEAR MRS. PINKHAM—I have female weakness. Menstruation irregular, and I suffer bearing-down pains in left side and hip. My doctor said I had womb trouble and enlargement of the ovaries. I have doctored two months, but see no improvement."—MISS MARY E. REED, Swan Creek, Ill.

"DEAR MRS. PINKHAM—Your good advice has been worth more than all I ever received from a doctor. Words cannot express my gratitude to you for Lydia E. Pinkham's Vegetable Compound. After twelve years' suffering I am stout and healthy."—MISS MARY E. REED, Swan Creek, Ill., April 28, 1899.

"DEAR MRS. PINKHAM—I suffer female troubles. My doctor wishes my ovaries taken out, but I shall never consent. Menstruation is irregular and my head has a tired feeling. Hospital treatment does me no good. I have five children and am forty-four years old. Please advise what medicine to take."—MRS. E. H. SONDERS, 437 N. 40th St., Philadelphia, Pa., September 27, 1898.

"DEAR MRS. PINKHAM—I followed the advice you gave me and your medicine has cured me. I felt better when I had taken the Vegetable Compound but a week."—MRS. E. H. SONDERS, Philadelphia, Pa., February 6, 1899.

Another Case of Nervous Prostration and Inflammation of the Bladder Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM—I have used your Vegetable Compound for female weakness and it has done wonders for me. I also had nervous prostration—was not able to look after my household. After taking one bottle I began to improve, and am now better in every way and feel like a different person."—MRS. DELLA KESLER, Marionville, Pa., February 22, 1899.

"DEAR MRS. PINKHAM—I cannot praise your Vegetable Compound enough for the good it has done me. I suffered from inflammation of the bladder. I tried doctors, but obtained no relief. At last I decided to write to you, and now, thanks to your remedies, I am entirely cured."—MRS. K. S. GRADY, 131 Union St., High Bridge, New York City, April 11, 1899.

We can hardly get enough of that home made horse-radish to supply the demand, only 9 cents a tumbler at Dedic's cash grocery.

ADMIRAL DEWEY.

that he is candidate for the presidency startled the politicians of both parties. It is admitted on all sides that this action upsets all slates. He is being claimed by both parties but he himself has never said that he was a democrat or a republican. However the influence of his wife, a sister of John McLean, seems to make a leaning towards the democrats. For some time there have been rumors to the effect that at a series of Jefferson day banquets to be held throughout the country Dewey would be brought out as a candidate to head off William J. Bryan.

Refuses to Give His Politics

Washington, April 4.—[Special Telegram.]—Admiral Dewey at noon said: "If the American people want me for the high office I shall be only too willing to serve them." He refused to state whether he was a democrat or a republican. Interviews with several congressmen of both parties indicate great hostility to his candidacy.

John R. McLean said: "God bless you, I don't know anything about it." Governor of Ohio said it was the admiral's latest and was very unfortunate for his reputation and place in the hearts of the people. Secretary Gage said: "Admiral Dewey would probably gain a great many votes if nominated by either party. But who will nominate him?"

New York, April 4.—A special to The

said to be largely influenced by Mrs. Dewey who is known in Washington as a woman of ambition, energy and tact. Her practiced hand has already been recognized in some peculiarly adroit and discreet operations having in view the elevation of her husband to the presidency.

Admiral Dewey has already encountered some distress of mind as a result of his intentions. He reads with keen interest the comments of the papers, and he has displayed on more than one occasion much wrath when he has encountered adverse remarks on the proposition of his candidacy.

He recently sent to one paper of prominence some tart messages for its outspoken opposition to "Dewey's candidacy," and his well known high temper has shown itself in various ways, such as stopping newspapers even those sent to him gratuitously, when he found in them comments he deemed antagonistic to his cause.

His Wife As a Campaign Manager

In all such incidents Mrs. Dewey has proven herself the quieting influence. She has on several occasions intervened

to stop what might prove a disastrous outbreak from her husband at a critical moment, both in his correspondence and in his personal interviews.

It is also said that Admiral and Mrs. Dewey have arranged a preliminary campaign, which shall include a conservative reception of people who are likely to have some say in the making of the next president or who possess some influence of value in the convention.

EGAN ARRESTED ON ASSAULT CHARGE

CHIEF OF POLICE HOGAN
MAKES THE COMPLAINT.

South Jackson Street Residents Allege
That Michael Egan and His Wife
Fight Like Cats and Dogs—Charge
This Time is Assault and Battery—
Case Adjourned This Morning.

Michael Egan, residing on South Jackson street, was before the municipal court of Rock county this morning on the charge of assault and battery. Chief of Police Hogan made the complaint. It is alleged that the defendant has been ill-treating his wife. Mrs. Egan says that her husband has treated her in a brutal and inhuman way. The police claim that there has not been a minute's peace in the Egan family for many weeks, and that Mrs. Egan is fully capable of looking after herself when trouble arises in the household. Neighbors allege that the Egan's have been at war for some time, and that at times the way Egan and his better-half fought would put such men as Jeffries and Fitzsimmons to shame. When the case was called in court this morning an adjournment was taken until April 18 at 10 o'clock.

Council Case Adjourned
The case of the city of Janesville vs. John Connell, was adjourned this morning until April 30.

Settled Their Troubles
The case of William Moggott vs. John Luck, has been settled out of court.

Remarkable Cure of Rheumatism.

Kenna, Jackson, Co., W. Va.—About three years ago my wife had an attack of rheumatism which confined her to her bed for a month and rendered her unable to walk a step without assistance. Her limbs being swollen to double their normal size. Mr. S. Maddock insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. GAVE EXCELLENT PROGRAM

Members of the Marquette Club Met Last Evening.

At the rooms of the Caledonian society last evening members of the Marquette club held an interesting session. The program consisted of a piano solo by Miss Gertrude Casey; a vocal solo "By Your Side" by Mrs. Joseph Connors; a recitation by Anna McCue; a paper on "The Press" by Father N. A. Rivers of Beloit, formerly of St. Mary's church; a vocal solo by Mrs. Charles Knapp; reading by Dr. M. A. Cunningham and the program concluded with a vocal solo, "Bright Star of Hope" by Mrs. George Foster.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. PLACED SLEIGH ON BUILDING

Many Queer Pranks Were Indulged In by Boys Last Evening.

As the result of the election last evening numerous pranks were indulged in that reminded one of Halloween night. This morning a sleigh was found on the roof of the two story frame structure at the corner of Milwaukee and Bluff streets. This was the work of boys and involved much labor as the sleigh was heavy. The usual number of street fires were started illuminating the city in many parts.

RUSSIA'S WAR PREPARATIONS.

Alarming Reports in Semi-Official Newspaper of Berlin.

Berlin, April 4.—The Koelnische Zeitung, a semi-official organ, publishes alarming reports regarding the busy war preparations which Russia is making on land and on sea. The Zeitung announces that the czar will go to Moscow tomorrow to be present at a military council. All dispatches relating to the mobilization of troops are carefully censored before they are given to the press. Officers who have applied for leave of absence have been informed that all such requests will be denied for the present.

Asks for a Receiver.

Toledo, Ohio, April 4.—John Arnbuckle, the coffee and sugar magnate of New York and Pittsburg, has filed a petition asking that a receiver be appointed for the Woolson Spice company of this city. This is practically a reopening of the legal fight which began two years ago. In the application for a receiver it is alleged that the plant has been practically wrecked; that during the nine months preceding the purchase of the majority interests by Havemeyer the company had paid dividends amounting to \$180,000, or 100 per cent on the entire capital stock; that since that time no dividends have been paid, and that the plaintiff, Arnbuckle & Co., has been prevented from inspecting the company's books or in any way protecting its interests therein.

To Improve Conneaut Harbor.

Ashtabula, O., April 4.—It is given out here on good authority that the Carnegie company is to spend between \$1,500,000 and \$2,000,000 in improvements at Conneaut harbor, the lake terminal of the Bessemer railroad. This line was constructed to carry iron ore from Conneaut to the Carnegie mills at Pittsburg. The money, it is stated, will be expended for new car-loading equipment, new docks, \$500 additional cars and dredging the harbor. It is probably, also, that a dry dock will be built.

Reforms in Mexican Army.

Monterrey, Mexico, April 4.—Gen. Bernardo Reyes, the new secretary of war, will soon inaugurate important and far-reaching reforms in the Mexican army. At present the army is largely made up of criminals who are sentenced to do military service. Gen. Reyes will abolish this practice of forced service and establish that of voluntary enlistment of recruits. The criminals will be placed in prisons.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee. It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it, and you will have a delicious and healthful table beverage for old and young. 15c. and 25c."

Truly Feminine.

The hen has no husband to assist her in bringing up her family; she not only takes all the care of her offspring at night and during the day, but makes the living. A hen will fight a dog or man in defense of her brood. A hen fresh from her nest, followed by a lot of little chickens, is nearly starved, but she never eats a bite till the little ones are filled. True, she is mighty cross, and scolds the rooster, but she is an admirable mother.—Atchison Globe.

Leap Years in the Twentieth Century.

The twentieth century will have the greatest number of leap years possible for a century—namely, twenty-four. The year 1904 will be the first one, then every fourth year after that to and including the year 2000. February will three times have five Sundays: In 1920, 1948 and 1976.

ARE NOT ALL FOOLS

The Ashtand Daily Press makes these sensible suggestions: "It is not fair to presume that men of sound judgment, such as Senators Allison, Gear, Quarles and Spooner, and the entire congressional delegations from such states as Iowa and Wisconsin, have lost their good sense all of a sudden. If these men consider it best to place a light tax on Porto Rico for two years, until a system of local taxation can be evolved, it may be safely predicted that they will be able to give sound reasons for so doing. No man believes that the Porto Ricans should be permanently taxed, but it is not asking too much of the big tobacco and sugar producers of Porto Rico, to pay a temporary tax 85 per cent lower than the tariff laws of the United States, for the benefit of the people of Porto Rico. The tobacco and sugar which it is contended should be brought in free, belongs to various moneyed concerns including a British consular officer. Porto Rico is still suffering severely from last year's hurricane, and congress proposes to ask these moneyed interests to help the suffering people of the island, in their emergency. At the end of two years at the utmost, the tariff is to be repealed."

ADMIRAL DEWEY'S MISTAKE

Statesmanship and heroism are two distinct qualities, and seldom go together. Your hero may be an impulsive fellow who does not know physical fear, yet his courage, under ordinary circumstances of civil proceedings, may be very slight. He may hurl himself into the vortex of death without a shiver, when the question of whose advice was best to follow would drive him into the madhouse. On the other hand, the statesman might tremble at the sight of blood, yet face a soul-trying problem of government as calmly as he would eat his dinner. The statesman must be a scientist in the matter of men and measures from the standpoint of the civilian. The hero must be a scientist in the matter of men and measures from the standpoint of the soldier or sailor. If they were transposed, both would be failures. Does not the history of the world prove these statements? Admiral Dewey has made a serious mistake. He has descended from the pedestal upon which the people placed him, to ask an office. He has had full measure of honors. There is no public demand for his political services. If a demand has been made, politicians and not the people, made it. If the admiral is nominated, many people would undoubtedly vote for him, but history would surely repeat itself.

Rock county republicans in county convention assembled, endorsed Senator Whitehead for governor, the state and national administrations, and instructed its congressional delegates to vote to renominate Henry A. Cooper. The republicans of this county have set a good example, and "harmony" is the watchword. Other republican counties please follow suit.

The republican county convention paid Senator Whitehead a handsome and thoroughly merited compliment yesterday, when a resolution was adopted endorsing his candidacy for governor and commending him to the people of the state. The resolution was not only adopted, but passed with an enthusiastic cheer that showed that the delegates were glad to go on record in the support of their able and talented fellow citizen.

Perhaps the Kansas City convention hall set fire to itself rather than have a Bryanite convention held under its roof on the Fourth of July.

Kansas City will rebuild the convention hall at once, and try to retain the show billed for that town next July.

After all the plans to skin the Populist brother had been so carefully made, it would really be too bad to have them go wrong.

We are not wholly alone in our trouble. At Woodlawn, Ill., Helen Perry, 15 years old ran half a mile to tell the police there were burglars in her father's store. When the police got there the burglars and \$50 worth of rugs were gone.

*Evidently a small village. Not on the map.

Here is the first intimation that we have had that the democrats proposed to nominate a candidate for governor this fall:

Dave Rose for governor! That is the certain member of the Milwaukee election. The democratic state convention will be a mere ratification meeting, in its way quite like the Bryan love feast at Kansas City.

Senator Whitehead's name is at the end of many editorial pencil points these days, and naught but good is said of him. The Janesville man stands at the head, not only in this congressional district, but all over the state.

There is no doubt but what the republicans of Rock county are proud of their party. The ringing cheers that went up in the circuit court room yesterday left nothing to the imagination.

Rock county is in earnest when she asks the republicans of the state to nominate her sterling citizen, John M. Whitehead, for governor, as was proved by yesterday's convention.

Dewey's lateness, this time, is as conspicuous as his early years when he brought about the annual May moving of the Spaniards at Manila.

Chicago has just undergone an annual "downing" of "its gang council," and one year hence will repeat the operation. Query: At what stage of the game do the good men of today become the gangsters of next week?

Governor Scofield has issued a proclamation naming Friday, May 4th, as Arbor and Bird day, and recommends the observance of the day by all children and schools in the state.

The preliminaries for the renomination of President McKinley, so far as Rock county is concerned, are now complete. The next political gathering will be the caucuses to select state and county officers, etc.

Kansas City is in hard luck. Just as she gets her plans all made to roast the democratic party, along comes a fire that cremates the convention hall.

George E. King who was elected by the council to succeed Samuel M. Smith as a member of the school board is a capable and energetic young business man and will make an excellent commissioner.

And the Line City, it would appear, was a trifle out of line at the last election, for the first time since she became one of us.

And now, Admiral Dewey, you would be wise in again retiring, temporarily, to secure breakfast.

Mrs. Dewey did it.

MAY SHUT OUT COLONIES.

Peck Thinks They Should Not Exhibit at Paris.

Washington, April 5.—Commissioner General Peck has suggested to Secretary Hay the advisability of excluding the American dependencies from participation in the American exhibit at the Paris exposition. Mr. Peck bases the exclusion upon the prospective delay in the installation of exhibits from these several islands and in the case of Hawaii and the Philippines intimate that fear of bubonic plague may cause the French government some uneasiness. It is likely that the department will concur in Mr. Peck's suggestion.

MR. MILES RICE FOR COUNTY TREASURER

MILTON MAN IS A CANDIDATE FOR A COUNTY OFFICE.

Republicans in That Section Think They Should Be Represented on the Ticket—Town Board Orders Special Appropriations—Milton Social and Personal.

(THE GAZETTE AGENCY, W. W. CHADWICK, Manager, Janesville, Wis., April 5, 1900.)

Milton expects to be represented on the county ticket this fall and will present as its candidate Miles Rice, who desires the nomination for county treasurer. Coming from the strong republican town of the county and in every way qualified for the position to which he aspires with a large acquaintance and long residence in the county, there ought to be, and in our judgment there will be, no doubt of his nomination. Milton has been ruling up big majorities for county officers these many years and has had few bites at the public crib and the present time seems opportune for not only asking, but of receiving a share in the good things to be disposed of at the county convention. We do not disparage the other candidates in the field for this office, but taking into consideration all things cannot see any other outcome than the nomination of our candidate.

At the town meeting the recommendations of the town board involving a tax of over two thousand dollars were adopted and the following special appropriation authorized \$350 for taking care of the surface water at Petherston's mill, \$25 damages to W. H. Lane, \$20 to Hayes & Seeger for sidewalk, one hundred dollars or more to build a sidewalk for seven families in the village of Milton Junction and several hundred dollars to be expended for sidewalk purposes in the two villages. The gravel tax of nearly one thousand dollars is added to the above burden put on tax payers' shoulders.

On Thursday evening at the home of the bride's parents, Mr. and Mrs. C. H. Goodrich, their daughter Cora was united in marriage to George Jackson. Pres. W. C. Whitford performing the ceremony. They will make this place their home and their many friends unite in wishing them a happy future.

The result of the town election was a surprise to many. The republican party has demonstrated that it has in its ranks bolters, but neither the Bryanites or Dickeyites have any reason to get gay over the election of Chairman Paul as it was brought about by republicans who bolted their nominees.

Kansas City, April 5.—"We will hold the democratic national convention in Kansas City and we will have a convention hall ready by July 4." This positive declaration made this morning by J. J. Vanderbilt, Morgan and Casagat to Control Output of the East.

New York, April 5.—J. Pierpont Morgan and W. K. Vanderbilt meet tomorrow or the next day in London, and it is declared that Mr. Morgan will turn over to Vanderbilt the three great railroads in his control—the Reading, the Erie and the Lehigh Valley. As a result of this deal Mr. Morgan also completes his giant coal trust. With the acquisition of the Norfolk & Western by the Pennsylvania company the coal production and coal transportation of the east is so bottled up that it can be controlled by three men—W. K. Vanderbilt, J. P. Morgan and A. J. Casagat.

For County Treasurer

The Republicans of Milton feel that this town is entitled to representation on the county ticket and have prevailed upon Miles Rice to consent to be a candidate for the office of county treasurer. Mr. Rice is well and favorably known here, having spent his life in this vicinity. He is not only thoroughly honest and reliable but is eminently qualified to fill this responsible position. No superior man can be found in the county. He will receive the hearty support of his own town. Milton Journal.

H. F. CORBETT ON CRUTCHES

He Invites Rev. Mr. Cheney to Call and See Him.

Racine, Wis., April 5.—Henry F. Corbett has become so weak from sickness, since the trial on the charge of attempting to kill the Rev. and Mrs. David B. Cheney, that he cannot stand up and is obliged to move around on crutches. His bronchial tubes are so weak that he can hardly talk above a whisper. Since the day he was acquitted he has not been able to leave the hospital, and it is the opinion of those who have seen and conversed with him that he will never recover. A letter from his relatives in England came this week containing a sum of money, but he feels that he will never see England again. He has sent a letter to the Rev. Mr. Cheney, asking the pastor to call to see him, but up to this time he had not called.

PERPETUAL MOTION DROVE HIM INSANE

VENERABLE CONSUL A. J. DAY TON TAKEN TO MENDOTA.

Well Known Resident of Janesville and a Prominent Member of the Local Order of Modern Woodmen—His Case is Not a Hopeless One—Has Been Studying Too Hard on Patent Right Business.

Constant worrying in trying to solve the mysteries of perpetual motion, has driven A. J. Dayton of this city insane. This morning the unfortunate man was taken to the state hospital for the insane at Mendota. Mr. Dayton is venerable consul of the local camp of Modern Woodmen. With his family he has been residing in a cozy furnished dwelling at the corner of Glen street and Fifth avenue. For the past fourteen years he has been employed as cutter at the local shoe factory of F. M. Marzluff and company.

During the past few years Mr. Dayton has devoted much time to the study of patent rights. The study of perpetual motion occupied the greater portion of his spare time. On this subject he would study nights till way into the morning. It is said that he also spent considerable money in his efforts to solve the mystery of perpetual motion.

This study and loss of sleep soon began to manifest itself. Mr. Dayton during the past month has been in poor health. He was taken with a severe case of the grip a few days ago.

Last Friday evening he first showed signs of being mentally wrong. On arriving home he made strange remarks to his wife. His condition has since been growing worse.

This morning Drs. W. H. Judd and Michael Cunningham made an examination. They pronounced Mr. Dayton insane. Accompanied by Officer Cochran and C. W. Brooks the unfortunate man was taken to the state hospital for the insane at Mendota.

PRIZES FROM THE SOIL

The western man in his worst mood has a friendly feeling for those peculiarly western products, corn, pork and the live hog. He has special reason for this sentiment this year. His corn has advanced 10 cents a bushel from the price of last September; his hog has advanced 1 1/2 cents per pound, or about \$4 a head; his pork is up to \$3.50 a barrel, his lard up to \$4 a cove, and his short rib sides up 13 cents in ninety days. The hog has made a liberal contribution to the western happiness, far more liberal than anything else. It has been a good thing, and it has added to the wealth of the west in the past ninety days at the cost of about 25 cents a head. It was in no great demand around Thanksgiving day at less than 4 cents a pound, or a \$8 for a single porker. The millionaires packers are now competing for him at 5 1/2 cents per pound. On the moderate hog, the one of merely the modest proportions of 200 pounds, this price means \$11 as he goes over the scale to the pork barrel to fill his mission on earth. That \$5 advance on a single animal is not to be despised, but multiplied by the 50,000,000 hogs, which is about an average supply, it makes the western profit a three month \$250,000,000. That western farmer, when he speculates, has a weakness for hog market. He believes the pork game the thing he is peculiarly adapted for. An advance of \$3.50 a barrel on pork, from around \$3.50 in December to around \$13 in March is a dividend of the richest sort for the western man who does a great deal of work at the time, but who yields to temptation and does a little speculating occasionally. The advance of \$4 a cove in lard and of 12 cents per pound on short ribs are as grateful to him as the pork rally—all rich prizes from the soil.

"The queen is happy to be once more among her Irish people, from whom she has again received so warm a welcome."

SIX CORNERS.

Six Corners, April 6.—At the Harmony town meeting the following were re-elected supervisors: W. H. Gray, Robert Barless and Philip Doherty. It was also decided to abandon the road leading through Mr. Doherty's pond which has been a great expense to the town for twenty-five years, and seek to obtain a right of way around it. This pond which has risen steadily during the last few years now covers the road to a depth of several feet and as the highway passes through the center of it the above action seemed imperative. The warehouse will close this week, having finished the season's work. Houses are so scarce that some of our citizens cannot obtain homes. Why don't some one build a few to rent, and help a growing town? Don't forget the coming Beloit Sextette; comic, pathetic, harmonious, pleasing entertainers. The date will probably be April 13.

INSURGENTS LED BY AMERICAN BOY

FREDERICK DULLER WRITES FROM THE PHILIPPINES.

Well Known Janesville Boy Sends The Gazette Another Interesting Letter—Describes How His Regiment Made Short Work of a Force of Many Insurgents.

Frederick J. Duller of this city, who is now stationed in the Philippine islands as a member of Co. G, Forty-Seventh regulars sends The Gazette the following interesting letter.

Albay, P. I., Feb. 7, 1900.—We had a seven hour fight the other night. The guard had been posted as usual and all went well until about 12:30. The sergeant had just woke me up to relieve a sick man whom I believe had "cold feet." I had been on duty but a short time when I heard loud talking in the bushes a few yards away. I kept still listening. Just then Corporal Marsh said "Here they come." Sure enough the insurgents came around an old building about three hundred strong. They were all armed with bolos or clubs. When Corporal Marsh fired at them all our outpost men started to shoot and such a noise you never heard. At the same time about two hundred other Filipinos opened fire on us from the rear of an old church located in nearby mountains. Our outpost had to retreat but the boys I was with were safe behind a stone wall and there we remained.

In about ten minutes the enemy had the whole town burning. They even tried to burn the church in which my company was stationed, but prompt action on the part of Corporal Mooney extinguished the fire before it had made much headway. The enemy then started to charge our ranks, and the yelling they did was something awful. We had our men up in the tower of the church, and a few good volleys from them drove the niggers back again. After that they charged three times, but each time we drove them back. There were about seven hundred of them. The niggers were led by an American who deserted one of the United States regiments in the Philippines.

At times this American commander got so mad that he would forget to talk their language, and by orders that he gave in English, we were fully convinced that he was a full fledged Yankee. We all had orders to shoot him full of holes if we got a good look at him, but he managed to keep well out of sight.

They describe him as being attired in a blue United States army suit. At first our men thought he was one of our men that had been captured and pressed into service. Before this fight ended we had killed forty-five of the enemy. Our company never takes prisoners. You know what that means. We have just received word that General Luban is advancing with five regiments of infantry and four troops of cavalry. His object is to drive the Philippines our way. Before long we expect a warm time.

BIT THE MAN'S TONGUE OFF

Joking Leads to a Fight Which Ends in Serious Results

Cincinnati, O., April 5.—Irwin Alexander, living at 310 Ann street, and Alfred Taylor began to joke each other today. The joking led to a fight, and Taylor knocked Alexander down and choked him until his tongue protruded from his mouth. When Alexander's tongue was out about an inch Taylor, in his rage, bit it off. The injured man hurried across the street to the hospital, where the piece of his tongue was skillfully sewed on. Taylor was arrested and charged with mayhem. Alexander is suffering from consumption, and is in a serious condition.

THOMAS M. JEFFRIS DIED THIS MORNING

AT SOUTH JACKSON STREET
HOME OF HIS FATHER.

Prominent and Well Known in Janesville—Has Been Ill For Several Months—Leaves Wife and Three Children—Death of Mr. Donahoe, Prominent Rock County Farmer.

(From Wednesday's Daily.)
Thomas Mount Jeffris, after an extended illness, died at the home of his father, David Jeffris, at half past four o'clock this morning. The disease was a form of progressive anemia which gradually reduced the vigor of a remarkably strong constitution.

Mr. Jeffris was 46 years old the 27th day of last September and during his life his residence has been divided between his birth place, Janesville, and his later home, in Huron, South Dakota. When a young man only nineteen years of age he was engaged in the grocery business in Janesville and from here in the spring of 1881 he went to Dakota.

He settled in Huron in the pioneer days of that city and carried on there for a number of years a flourishing business in groceries and lumber; until within three years ago in partnership with his cousin David Jeffris. Mr. Jeffris had been closely associated with the growth of Huron, a charter member of its Congregational church and deeply interested in the development of the city as well as the whole state, along financial, educational and religious lines.

Even after settling in South Dakota he had been a frequent visitor in Janesville, and at times he and his family have made prolonged stays here near his old home.

His wife, to whom he was married in Huron in 1889, and the three children, Ruth B. Bruce M. and Robert M., survive him.

Mr. Jeffris came back to Janesville last July in very poor health, and in spite of all possible care and attendance, and his own brave spirit, by the help of which he was for a time able to be up and out of doors, his illness slowly exhausted him. He was a thoughtful man, of sterling, conscientious integrity, quiet humor and unostentatious generosity; and as business man, friend, citizen and man he has rendered many substantial and true services to the world in which he moved.

FOR MINE OF TARSA

Milwaukee Machinery to be Used in Developing Mine Mentioned in the Bible.

Milwaukee, April 4—Milwaukee will furnish the machinery for a mine that is spoken of in the Bible and was owned by Hannibal the Great.

This is the mine of Tarsa, and it was there that the Romans sent Christian slaves to work in the pits, which were narrow, grave-like places then as now, rich in copper. It was here that Hannibal swayed as the ruler of the Carthaginians.

The property is said to be owned by a rich corporation, which recently secured title to it, and it is the intention to operate it under modern plans. The E. P. Allis company has signed contracts with the Spaniards who are at the head of the Rio Tinto company for a plant of machinery that will require the expenditure of a large sum of money.

A Milwaukee manufacturer said today that at the present time there is not a civilized country in the world that is not using Milwaukee machinery, either in mining or agriculture, at least two of the largest firms in the city doing an almost exclusively foreign business, much of it in South American states, Japan and China, Russia, and Africa. Milwaukee is not alone famous for its beer.

ARE SAFE IN INDIANA

Gov. Mount Will Not Recognize Any Requisition Papers From Gov. Beckham.

Frankfort, Ky., April 4—[Special Telegram]—Gov. Mount of Indiana, has given democratic governor Beckham to understand that none of his requisition will be recognized, and that all republican officials sheltered in Indianapolis are safe from his molestation.

Republican Gains in Chicago.

Chicago, April 4—Returns from city wards show that as a result of the aldermanic elections yesterday the republicans have gained six members of the common council but lack five votes of the two-thirds majority necessary to override the mayor's veto. Although the republicans will have a strong majority in the new city legislature the democrats will be able to prevent any attempt that their adversaries may make to gerrymander the wards of the city.

TARIFF CONFLICT ON IN THE HOUSE

Washington, April 4—The scene of the conflict over the Porto Rican question is now transferred back to the house. The senate amendments which deal only with the tariff question will be generally favored in the house. Republican members there have been tumbling over each other in their anxiety to vote for something to appease their constituents.

They recognize in the compromise suggested by the President and adopted by the senate something which is on the whole just to the people of Porto Rico and that is what the people of this country want.

The republican members of the house from the Mississippi Valley want a chance to vote for free bread stuffs for Porto Rico, and gladly agree to the definite establishment of free trade in two years, instead of going back to the Dingley rates.

The principal provisions of the Porto Rico bill passed by the senate are as follows:

Provisions of the Bill.
It puts an end to military rule and supersedes that with civil authority in the administration of affairs.

It places the administration in the hands of a governor and heads of executive departments appointed by the president by and with the advice of the senate.

It creates a legislative assembly in Porto Rico, the members of one branch of which, the house of delegates, will be elected by the qualified voters, the members of the other being the heads of departments.

It creates a judicial system, the superior court judges and higher officers to be appointed by the president and the existing inferior and municipal courts being continued.

It creates a resident commissioner of Porto Rico to represent the colony in Washington (instead of a delegate in congress) to be chosen by the house of delegates.

It clothes the legislative assembly with a number of important powers, but for the present its acts will be subject to revision control by congress.

It nationalizes Porto Rican vessels and allows them to engage in the coasting trade; it changes and fixes the coinage, and it establishes quarantine regulations.

Of the Wisconsin members who have gone home for one reason or another, are Messrs. Otjen, Minor, Davidson and Dahle.

Nerves Unstrung.

Weak Stomach: Pain in the Chest; Sleepless, Nervous, Irritable; all run

Down. Cured by

Dr. Miles' Nervine.

Nearly every disease is the sign of while the nervous system is rapidly built up again and put to work without confusion, thus bringing all the nervous tissues are used up faster than they are repaired, not only the brain and nerves, but every vital organ of the body cries out for help. Headaches, neuralgia, heart disease, nervous dyspepsia and liver and kidney troubles run rampant in the helpless system, destroying whatever strength remains until at last the break-down comes and then—

Dr. Miles' Restorative Nervine is doing a world of good for such weak, nervous people, whose brain and body are overtaxed, but who may yet be saved from a state of indescribable wretchedness, and restored to lives of happiness and industry. By soothing and strengthening the secretive glands of the digestive organs it facilitates digestion and assimilation,

"About seven years ago I was all run down with nervousness and heart trouble and was so bad that I had to give up work. I was nervous, sleepless and irritable all the time and although several doctors treated me I did not improve any under their care. Hearing Dr. Miles' Nervine well spoken of for such troubles I commenced using it and grew better from the start. When I had used three bottles I felt that I was cured; but I still kept a bottle of the Nervine on hand, and when I am unusually tired or nervous I take a dose and am all right again. I took Dr. Miles' Nervine and Liver Pills along with the Nervine and found them the best Liver Pills on the market."

The above table tells the story. The election is past and gone, and the people have registered their choice. The council is a tie, the election of C. L. Valentine offsetting the defeat of W. H. H. MacLean. The republicans lost an alderman in the Fourth ward, but gained one in the second. The vote was light, and but little interest was shown outside of the contests for city attorney, for alderman in the Fourth ward, and school commissioner in the Second ward. The total vote was about 460 behind that of a year ago. The figures as near as can be determined without the official canvass, are as follows:

A CITY ALL OF STUDENTS.

New University of California
to Be an Ideal Institution
for Education.

BY JOHN F. WILLOUGHBY.

Nothing in the way of an educational institution has ever been planned on such an elaborate scale as has the new University of California, the building of which Mrs. Phoebe A. Hearst, America's foremost woman philanthropist, has devoted the larger part of her immense fortune.

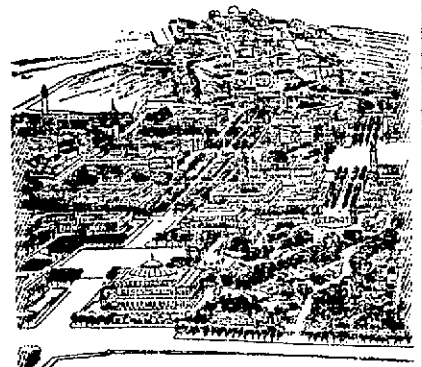

According to the plans of M. Bernard, the distinguished French architect whose design took first prize in the \$100,000 competition, the new university is to be not merely a group of buildings, but a scholarly city, complete in every detail and as beautiful as a dream.

The present buildings of the university are situated on the Berkeley hills, and the grounds include several fine groves of trees. On one side is San Francisco bay. The buildings now standing are to be pulled down and the entire character of the grounds changed. The architects were instructed to treat the site as if it were so much blank space, taking note only of the natural features.

A population of 5,000 students of both sexes is anticipated. Besides these a large number of professors, instructors and the necessary number of working men and women to minister to the physical wants of those who learn and teach was the basis on which M. Bernard made his calculations.

Approaching the university from the bay side M. Bernard's plans show immediately within the entrance what he has called the "Fine Arts square." Three buildings are shown on the left—a school of fine arts, a university museum and an academy of music. On the right are but two buildings—one a theater and the other a lecture hall—and between them undisturbed will be the grove of fine oaks which now contribute so much to the beauty of the university site.

Proceeding up University avenue, on the left is the university library, with a civil engineering building in the rear, and on the right the domed administration building, with a college of mines behind it. Then still further

PLAN FOR NEW UNIVERSITY OF CALIFORNIA. up the avenue the buildings are divided by that broad, tree lined boulevard into two groups.

All those on the left are devoted to general education; all those on the right to rest and recreation. The dormitory buildings facing one another look down on a flower bordered campus, and on a lower level to the left is a grand recreation ground, with a truly magnificent gymnasium on the south side, sheltered from the heat and the winds, and on the east and west tribunes with rows of seats and proud pennants bearing stanchions.

Each architect was required to provide detailed plans of one building, and it is this particular structure which M. Bernard has chosen to depict. Broad driveways lead to the gymnasium from the south and curve around its eastern and western ends. Just across each of these latter roads a light bridge in the form of a graceful arch is thrown, and so connection is made directly between the gymnasium and two clubhouses.

On the north side of the main educational building is the agricultural college, with ample grounds for experimental work. Higher up comes the group of natural history buildings, and on the highest point reached by easy terraces is the university observatory. To the south of the last building, some distance removed, where fresh air can reach it at all times, is the infirmary.

The whole scheme shows breadth. There is no crowding and yet no waste, while creeks and trees and undulating surfaces are worked into the plan undisturbed and are made to contribute their share to a beautiful entity. Some of the most imposing structures have colonnaded fronts and are embellished with towers on the corners, relieving the view when caught from above of any monotony of dead level.

The whole project is finer than any similar conception ever contemplated by a university, and the honor that will accrue to the University of California upon its completion will be reflected upon the wonderful woman who inspired it.

It is estimated that the total cost of the new university will be about \$20,000,000. The trustees expect that all of this vast sum will be subscribed and that the new university will be completed within ten years. Mrs. Hearst, who has met the expense of securing the plans, has agreed to erect two of the buildings, Mayor Phelan of San Francisco will build one, and Miss Jennie Flood will build another. Besides this, the subscriptions already amount to \$7,000,000. M. Bernard is now in California busily overseeing the preliminary work. He expects to stay until the university is completed.

A NEW PROPHETESS.

Brilliant Minneapolis Woman Becomes a Theosophical Leader.

Mrs. Kate Buffington Davis of Minneapolis, one of the high priestesses of theosophy, has started on a tour through the west. She intends to spread knowledge of the mystic faith over as much of that section of the country lying west of the Mississippi as she can conveniently canvass. She will go as far south as Mexico, west to California and north to British Columbia, lecturing to little bands of students and establishing branches wherever possible.

Mrs. Davis is a woman of great energy and talent. She is the daughter of a prominent Indiana journalist and grew up in an atmosphere of culture. She has studied deeply and written not a little for magazines. Chance threw some theosophical literature in

her way, and she became interested. Here was a belief that seemed to solve the doubts that had tormented her. She soon became absorbed in the study, and it was not long before she was contributing to the theosophical publications.

Since 1891 she has been prominently identified with the work in America. At the time of the international convention in 1894 she went abroad and met many of the theosophical leaders. W. Q. Judge crossed on the same steamer, and a pleasant acquaintance soon ripened into friendship. Colonel Olcott, Mrs. Annie Besant and others extended a hand of welcome and gave the Minneapolis woman all the help they could.

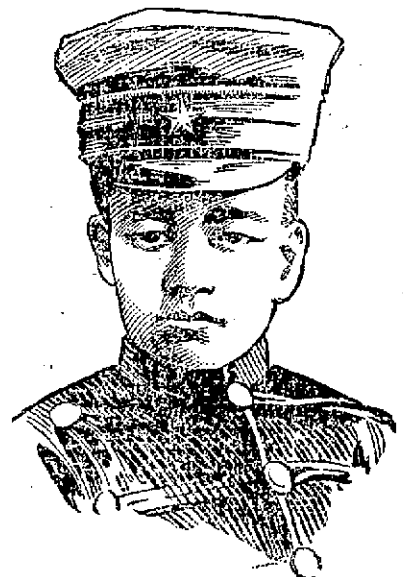

At the time of the secession, when the Universal Brotherhood took many of the members from the national body, Mrs. Davis was chosen a member of the national board. The board consists of four members, the other three being men. Mrs. Davis has served almost continuously since her first appointment.

JAPAN'S CROWN PRINCE.

Is Coming to
America to Spend
His Honeymoon.

Prince Yoshihito, crown prince of Japan, who is to visit this country with his bride the coming spring, is a slender, undersized young man who is chiefly interesting because he will some day succeed to what there is left of imperial prerogative in the land of the chrysanthemum. As a boy he was almost an invalid, and for many years it was thought that he would never reach his majority. But his health has improved of late. He has been crown prince ever since he was 8 years old. He will be 21 next August.

His affianced bride is the Princess Fekko, who is his cousin. She is a most charming young woman, of course. She has the reputation of being the most beautiful woman in her country

PRINCE YOSHIHITO.

and the ideal type of Japanese womanhood. The announcement of the coming marriage has caused great satisfaction throughout Japan, because it gives reasonable assurance that the throne will be occupied by a scion of the present royal house for many years to come.

The marriage will take place in the spring, and immediately afterward the royal couple will start on their trip. They will first visit all of the largest cities in Europe and will sail for America about July 1. In New York they will be met by a delegation composed of the wealthiest Japanese in the country, several of whom are related to the royalty. From New York they will go to Philadelphia and afterward will visit Washington, Boston, Chicago and San Francisco.

FIRE AT JAPANESE WARSHIP.

Russians Said to Have Discharged Torpedo at Vessel Near Hakodate.

Vancouver, B. C., April 6.—The war toward which Russia and Japan are believed by Oriental papers to be drifting was almost precipitated by an incident which Japanese endeavored to suppress, but which is reported by ship advices today. March 24 a Japanese battleship encountered a Russian cruiser in the neighborhood of Hakodate. Without any warning the Russian discharged a torpedo against the battleship, but missed aim, and the Japanese ship escaped unhurt, but before retiring fired several shots at its assailant.

Marsh Guilty of Conspiracy.

Lansing, Mich., April 6.—Arthur F. Marsh of Allegan, late inspector general of the Michigan national guard, and until recently chairman of the Republican state central committee, was convicted of having feloniously conspired with certain of his official associates to defraud the state. The maximum penalty is fourteen years in state prison. An extension of time in which to settle a bill of exceptions was granted. Judge Wiest announced that the trial of Col. Eli R. Sutton, who is under indictment for aiding and abetting this fraud, would be set for next Thursday.

Avoided Arrest by Suicide.

Detroit, Mich., April 6.—Postoffice Inspector Parsell was about to present the case of Mrs. Ormsby, a Romeo (Mich.) woman accused of sending an objectionable letter through the mails last January, to the United States grand jury in session in the postoffice building, when he received a letter from James B. Lucas, postmaster at Romeo, saying that Mrs. Ormsby had committed suicide there.

Mixed Salt with the Sugar.

Cincinnati, O., April 6.—The trouble at the Hotel Emery seems to have no end. Steward Reed complained to Manager Maxwell that some culprit had ruined the supply of sugar in the pantry. Some person had mixed salt with the sugar and it was not discovered until it had been served on the table. The first trouble began with the depositing of Manager Tindolph by the Emery heirs and the installation of Maxwell. Monday the waiters in the ladies' cafe quit because of the employment of cheap colored help in the regular cafe, and the chef and kitchen and pantry help walked out Tuesday night because one of their number was accused of carrying a supply of food out of the house.

Oyster Combos Is Proposed.

New York, April 6.—And now it's the oyster trust. The capitalization of the proposed trust will probably be at \$15,000,000, and the meeting decided by a unanimous vote to proceed with the organization of the oyster interests in New York, New Jersey, Rhode Island and Connecticut.

VETERANS

Of the Grand Army of the Republic, whose lot was fire, and blood, and prison pen, for four terrible years, almost to a man contracted disease of some form. When younger, they withstood it bravely, but now that age is creeping on, and the vital forces more feeble, the need of a reliable vegetable tonic to assist nature, is keenly felt. To all such we can with confidence recommend Warner's Safe Cure—a remedy with

a reputation of twenty-one years of remarkable success in all parts of the civilized world. Hundreds of veterans bless the day this great remedy was brought to their notice, not the least among whom being Comrade Frenenstein, who, under date of Tacoma, Wash., Jan. 25, 1900, gratefully writes as follows:

I am pleased to say that I have the greatest confidence in Warner's Safe Cure, as I suffered, for years with kidney troubles contracted in the army, which nothing seemed to help until I tried Safe Cure. A few bottles did more for me than all the doctors and medicines previously tried. I now feel strong and well, and though at an advanced age, can enjoy life, thanks to this medicine. Gratefully yours,

ADAM FRENENSTEIN, Senior Vice-Commander, Grand Army of the Republic; Officer of the Day, Custer Post.
